

## Source and Content Cards

### Description

Source cards and content cards are the foundation of your research project, as they contain the source information and all of the facts you collect about your research project.

**A heading is like a title for the information on that card**

**Match the letter of the content card to the letter of the source. Put a number for each content card for that source**

A1

**Defining Forensic Science**

- Looking at various sciences to help solve crimes.
- Forensic really means “legal,” but “forensics” has come to be known as the science of solving crimes.

Page 20

**A content card contains notes taken from the source you are using for your research project**

**Be sure to put the page number where information comes from**
